The LiveLitigation Difference

LiveLitigation is the only All-on-One Solution that covers all your Video Conferencing, Realtime Streaming and Electronic Exhibits Needs.

Free Client Testing/Training – The LiveLitigation Support Team is here to test with each user and location to make sure every event goes off without incident

24/7 Live Phone and Email Support – That's right, no matter what time of day it is, our support team is available to help out by phone or email

Contact our support team at support@livelitigation.com or by calling 888-337-6411, Option 1

Product Features

Desktop/Mobile Video Conferencing Tailored for the Legal Industry

- One Way Video Streams – Study a witness without being seen
 - Two Way Video Streams – Be visible to the witness and other parties
 - Audio via VoIP, Teleconferencing or both
 - Group and Private Chat – Securely text with your entire team or one-on-one when needed
- Works with Web Cams, Videographer Cameras, Mobile Device Cams and Document Cameras

Realtime Streaming

- True Wireless Realtime – No delay, no cables
- Keyword Search & Highlights – Quickly find what you are looking for and mark it up for later, without losing focus on the deposition
- Transcript Exporting – Instantly export deposition transcript, including highlights, in PTF format to any Litigation software.

Easy Electronic Exhibits

- Upload files in advance or on-the-fly
- Present exhibits and collaborate in real-time
- Exhibit stamping can be done by Attorney and/or Court Reporter
- Works with PDF and image files such as PNG, JPG and GIF
- Easiest solution on the market - User can be trained in under 10 minutes
